General Information

Below are a list of local counties and their Community Foundations' Scholarships for adult students. In most instances, you must be from that county to apply. Not all Indiana/Michigan County Foundations are included in this list.

Scholarships can also be found at fastweb.com. There are also scholarships for specific studies. For example, here is a site that lists cyber security scholarships:

<https://www.scholarships.com/financial-aid/college-scholarships/scholarship-directory/academic-major/cybersecurity>

For each scholarship, it is very important to read the requirements, the application details, and deadlines for each of them. Some scholarship applications are just open currently with deadlines in Spring and others could be closing the end of December. It is worth the little bit of work required to potentially receive some money towards your schooling. If you have specifics about a scholarship(s), please contact directly the community foundation for details.

MICHIGAN

Berrien County Foundation

269-983-3304

<https://www.berriencommunity.org/>
